Raines explained that Emergency O-001-2003 was for the cleanup. The original estimate for pickup was 500,000 cubic yards and, now, it looks like it will be at least 800,000 cubic yards. In order to continue pickup without interruption in service additional funds are being requested. Emergency O-002-2003 deals with private property. Upon questioning by the Council, Raines stated that 75% of the funds for pickup will come from F.E.M.A., 10% from the State and 15% from LCG. Lalumia interjected that much of the work must be completed before LCG can file for reimbursement. Once filed it will take 60 to 90 days from filing of claim. Cash flow-wise, this will not leave LCG in a bind and it will not hinder normal operations. Raines continued that a Public Works employee has been teamed up with a member of F.E.M.A. (several teams have been formed) to go out and assess the debris pickup. No payment is allowed until Public Works feels the cleanup has been complete. If someone is not satisfied with the pickup they should contact Public Works, a team will assess their complaint and, if justified, Omni will pick up. Raines concluded that Omni has done a very good job considering there was more debris than anticipated.

(TAPE 1)(SIDE B)(212) AGENDA ITEM NO. 8: Emergency O-002-2003 An emergency ordinance of the Lafayette City-Parish Council amending the FY 02/03 Operating Budget of the Lafayette City-Parish Consolidated Government by transferring \$1,000,000 from both the City and Parish General Funds to the Hurricane Lili Fund by increasing PY Fund Balances and increasing the Contract Services - Private Property appropriation \$2,000,000, a motion to adopt was offered by Benjamin, seconded by Williams, and the vote was as follows:

YEAS: Badeaux, Castille, Williams, Benjamin, Broussard, Trumps, Stevenson, Menard

NAYS: Mouton

ABSENT: None

RECUSED: None

Motion was approved.

Raines stated that this is the first allocation for private property pickup. 1,608 requests for assessment were received by the Public Works Department. There were 911 requests that were accepted for tree removal. There were multiple removal of trees per site. The bid tabulations are broken down by the size of the tree (diameter) and the amount of work that has to be done.

(TAPE 1)(SIDE B)(272) AGENDA ITEM NO. 10: O-307-2002 An ordinance of the Lafayette City-Parish Council amending O-219-99 so as to transfer a contract approved by the Lafayette City-Parish Council for J. Lee Leonard and Jennie Barnette Leonard d/b/a The Bank at 500 Jefferson Street to participate in the State of Louisiana Restoration Tax Abatement Program, a motion to adopt was offered by Williams, seconded by Menard, and the vote was as follows:

(TAPE 1)(SIDE B)(286) AGENDA ITEM NO. 11: O-308-2002 An ordinance of the Lafayette City-Parish Council amending the FY 02/03 Operating Budget of the Lafayette City-Parish Consolidated Government by transferring \$108,787 from Devalcourt Drive Project to Reserve – Streets, a motion to adopt was offered by Menard, seconded by Mouton, and the vote was as follows:

YEAS: Badeaux, Castille, Williams, Benjamin, Broussard, Trumps, Mouton, Stevenson, Menard

Motion was unanimously approved.

Raines explained that there is still some ongoing repairs on a punch list to be done; however, an approximately \$60,000 was left in the account to cover those repairs. Williams requested a copy of the punch list.

Logan explained that the first contractor went bankrupt before the project was complete. The remaining funds were used to obtain a second contractor (through the bid process) and the job was completed. Upon questioning by Benjamin, Legal Counsel Richard Mary stated that there was nothing in the State bid law that would prohibit the first contractor to bid again.

(TAPE 1)(SIDE B)(407) AGENDA ITEM NO. 12: O-309-2002 An ordinance of the Lafayette City-Parish Council amending the FY 02/03 Operating Budget of the Lafayette City-Parish Consolidated Government by transferring \$108,787 from Reserve to Moore Park Soccer Complex - Phase I within the Department of Parks and Recreation for additional funding needed, a motion to adopt was offered by Menard, seconded by Castille, and the vote was as follows:

YEAS: Badeaux, Castille, Williams, Benjamin, Broussard, Trumps, Mouton, Stevenson, Menard

NAYS: None

ABSENT: None

RECUSED: None

Motion was unanimously approved.

Mary explained that the amount necessary to satisfy the judgments in favor of the subcontractors on this project is \$144,978. Since \$36,191 is already being retained from the defaulted general contractor, an additional \$108,787 is required. He is still pursuing recovering money from the bonding company. Upon questioning by Trumps, Mary explained that the attached list of liens does not show all of them. Several were left off because of duplicates, such as a subcontractor to a contractor and several contractors did not finish the job and the liens included the part they did finish and subsequently received payment for. Trumps requested a complete list of liens along with the amounts. Trumps then asked what could be done to make sure this does not happen again. Dupuis answered that it is possible to ask the legislature to strengthen the bid law or perhaps the debarment ordinance could be considered. The fact that the contractor and the bond company became defunct is unique. Mary suggested increasing the rating that is required of the bonding company. Trumps requested that Legal and the Administration look into this.

(TAPE 1)(SIDE B)(626) AGENDA ITEM NO. 13: O-310-2002 An ordinance of the Lafayette City-Parish Council amending the FY 02/03 Multi-Year Capital Improvements Budget of the Lafayette City-Parish Consolidated Government to advance up to \$2,000,000 for engineering, architectural, construction and other costs on the Doc Duhon/Robley Drive Extension bond project scheduled for FY 2002-2003 and declaring the official intent of the Lafayette City-Parish Consolidated Government to expend general funds or sales tax revenues for purposes for which the bonds of the City are anticipated to be issued and to later reimburse such expenditures from sale proceeds, a motion to adopt as amended (amendment being to change \$1,500,000 to \$2,000,000) was offered by Menard, seconded by Broussard, and the vote was as follows:

YEAS: Badeaux, Castille, Williams, Benjamin, Broussard, Trumps, Mouton, Stevenson, Menard

NAYS: None

ABSENT: None

RECUSED: None

Motion was unanimously approved.

Logan explained that in reviewing the estimates it looked like \$1,500,000 would be enough for the initial phase; however, the bids came in higher than estimated. They were all competitive bids and in order to award the low bidder an advance of \$2,000,000 is needed. Upon questioning by Broussard, Logan affirmed that the final plans are being drawn on the Rue de Belier section.

The target date is late February or early March to receive bids. Since there is not much construction within a traffic area, it should be completed quickly. He continued that the State has been contacted and it is hoped to get results from the Legislative Session. The section of Duhon Road from where Ridge Road will tie in to Johnston is a State highway.

Benjamin then inquired about the Hanes/Ancelet project. Logan answered that all of the rights of way are acquired and they are working on the agreements for the utility relocation, primarily Trans La Gas. They have a major facility that has to be relocated. It will take about 60 days to get it out for bid.

(TAPE 2)(SIDE A)(055) AGENDA ITEM NO. 14: O-311-2002 An ordinance of the Lafayette City-Parish Council amending the FY 02/03 Operating Budget of the Lafayette City-Parish Consolidated Government by increasing revenues \$40,721 and increasing the Kaliste Saloom Frontage Phase I Project within the Department of Public Works for additional funding needed, a motion to adopt was offered by Menard, seconded by Mouton, and the vote was as follows:
